I ain't talkin' bout them projects when I'm talkin' BJ
I pulled up in a foreign bitch I know you seen it
Everything is luxury when I hit the city
Count cash I'ma make it look so damn easy

I ain't talkin' bout them projects when I'm talkin' BJ
I pulled up in a foreign bitch I know you seen it
Everything is luxury when I hit the city
Count cash I'ma make it look so damn easy

How far got a nigga stuck
Lang man get a nigga touched
I see thee all sneaky
What a nigga no Fiji
Send me out on auto repeat
Whack your ass on GP
You're the only nigga on a murder scene
On thirteen ain't no PG
And the PJ go to payday
Straight pay no layaway
Soon as we be there we get our way
Got it good as the other half, ay
Did a rate free take A
Shoot a nigga on his birthday
47 like Andre
Shut up niggas where your mom stay
Got it on me everywhere I go
But I can't let a nigga rob me
'Cause my own nigga need his bong paid
I knwo everyday a nigga mom pray
Y'all nigga duck in the hall on me
I just pray a nigga never saw me
Y'all nigga from the projects
Keep my posted up in the hallway
