

HUMAN LAMBORGHINI

Riff Raff

I feel like the human Lamborghini
I look like the human Lamborghini
Ferrari, Audi's
And rockin' AP, but it's not me
I feel like the human Lamborghini
I look like the human Lamborghini
Ferrari, Audi's
And rockin' AP, but it's not me

Charcoal like Bordeaux
Left AP look like light gray snow
Horst Simco still Dale Dan Tony
Plant based baller, no escargot
Butterscotch babe, hair look retro
Aurora Borealis Seattle
Sunset covered in UFO
I'm jabbin' the Benz like Jabba the Hut
Sky dweller sit next to the stove
Stove top FN, desert storm camo
Versace vocab, no run out of ammo
Carbon fiber clips duct taped to the manhole
Riff Raphael, turtle shell
Colored hundos
Samurai sword, scented
Lamborghini candles
Big racks, mucho grando
Leprechaun green
Rajon Rondo, 2004
Holly husky colored mistletoe
Emeralds look like a stop and go stove
AP looks like a cinnamon roll dipped in rose gold
Born to be rich, ain't broke no more
Ichabod Crane got sticks like a scarecrow (Riff)

I feel like the human Lamborghini
I look like the human Lamborghini
Ferrari, Audi's
And rockin' AP, but it's not me
I feel like the human Lamborghini
I look like the human Lamborghini
Ferrari, Audi's
And rockin' AP, but it's not me

Yup, told you back when I dropped Daddys Lambo
I'll be out here drippin' birthday candles
Flip another flop, don't rock the sandals
Cross over like Riff, I got the handles
Molded in the gutter, this ain't Play-Doh
Used to roll in the court, ain't no cape, oh
Now the bowties in the Chevy lay low
And I've been leanin' like a tilted kango
Oh, you trippin'? Give you crooked ankles
I just throw a line and then hope, look, you tangled
Got a book of fangles, I don't look at page
But I create the wave 'cause of my crooked bangers
Got a loop, I'm danger, man, I'm super cranky
Gotta take a break before the lake of snakes crawl up to loot the angel

I recruit the language
Speakin' slow, but the language is truth and anguish
See my eyes? I've been penalized
51-50's a friend of mine
I took the heat on the chin and came back for the win, now my sin is an ente
rprise
In a nutshell, I'm a nut, well
But I'm up, like a ducktail swimmin' in river tides
Backstroke on the game like Olympians, swim and rise
Kill 'em all, it's a genocide

I feel like the human Lamborghini
I look like the human Lamborghini
Ferrari, Audi's
And rockin' AP, but it's not me
I feel like the human Lamborghini
I look like the human Lamborghini
Ferrari, Audi's
And rockin' AP, but it's not me

Gold Lam', like Fort Knox
Goin' ham, like pork chops
Fly as shit, like Hancock
All my bitches got ass shots
Tote the eagle, like Carson Wentz
Ask my girl what car she wants
Raspberry lemonade
Lambo truck, I'ma renegade
Gator seats, no everglade
Like a carpet, she gettin' laid
I got M&M's and I'm not afraid (And I'm not afraid), I'm not afraid
Lambo, 'Rari
Bad bitch, she a Barbie
Rambo, army
Killed the hater, I'm sorry
DFG, Riff Raff, doin' donuts
Hopped out the Lamb' with the doors up
Vanilla Gorilla
We gettin' to that skrilla
Thrilla, Manila
My house look like a villa

I feel like the human Lamborghini
I look like the human Lamborghini
Ferrari, Audi's
And rockin' AP, but it's not me
I feel like the human Lamborghini
I look like the human Lamborghini
Ferrari, Audi's
And rockin' AP, but it's not me
