

I Drive By

Riff Raff

I ride by, like a driver on a nigga
So fly, that his bitch might choose a nigga
Ask why, gives a fuck about that nigga
So high, we up on all you niggas
I ride by, like a driver on a nigga
So fly, that his bitch might choose a nigga
Ask why, gives a fuck about that nigga
So high, we up on all you niggas

Cutting thru the traffic, limousine inspector gadget
Rari taller than bin laden, harvard scale by fitzpatrick
Have you seen his backyard, butterscotch, beauty pageant
If you think I ain't too famous, watch me cut you off like traffic
Lifestyles of rich and lavish, lavender elevator
Inside the codeine castle, watch your mouth, watch what you say
I'm ridin on gray, I'm sitting sideways, the chinese buffet
I'm [?], my chain's a fortune, my wrist look tight
I just dipped my hand, my ice, my pocket
I'm davy crocket, my arm's a rocket, on candy mustard, I'm sittin on butter
I might pull up in east kentucky, where the fuck is jody
I'm davy crocket, my arm's a rocket, on candy mustard, I'm sittin on butter
I might pull up in east kentucky, where the fuck is jody

I ride by, like a driver on a nigga
So fly, that his bitch might choose a nigga
Ask why, gives a fuck about that nigga
So high, we up on all you niggas
I ride by, like a driver on a nigga
So fly, that his bitch might choose a nigga
Ask why, gives a fuck about that nigga
So high, we up on all you niggas

Roll my ciabatta, don't talk about mañana
Need my shit to today or imma split you like piñata
I'm at war with these stars, smoking on chewbacca
You all roll [?], wind breaker for that climate
All these diamonds in my mouth, make it hard for me to stay quiet
All these niggas with the drug talk, when they get caught, hope they keep si
lent
Nigga not no role model, but I like to roll with models
Smoking on that kush, while I'm counting up this guap
Lux living luxurious, my bitches bicurious
Exuberant and foolish, I keep me a bitch clueless

I ride by, like a driver on a nigga
So fly, that his bitch might choose a nigga
Ask why, gives a fuck about that nigga
So high, we up on all you niggas
I ride by, like a driver on a nigga
So fly, that his bitch might choose a nigga
Ask why, gives a fuck about that nigga
So high, we up on all you niggas
