

I JUST BOUGHT A BRICK FROM CHRISTINA AGUILERA

Riff Raff

I jump out wraith and I'm skatin
I turn around shoot jumper like Christian Laettner
Pull up Times Square with Gucci apparel
I just bought a brick from Christina Aguilera
Avoid humans at all costs
I am the boss
But I'm takin no days off
No handshake no conversation in elevator
Notice how I switch my phone number frequently
I got bored so I bought me a castle
I fell asleep with the codeine in Shasta
Fell asleep 100k in a backpack
Woke up midnight I'm smokin on Dracula
I black out in Iraq in the matte black maybach
Waymon Tisdale in the champagne bubble
It's damon wayans all my diamonds are living in Color RiFF

Tip Toe to my cellar
Helicopter I copped from Floyd mayweather
Cranberry vampire the chopper was velvet
Cut the coke with Transylvania propeller
Pull up on you like pampers
Ice on my neck looks like a snow storm in new Hampshire
Diamonds dancing it's the white tony danza
It's dale dan tony sniffing the white pony
Don't catch frost bite
Don't touch my hand homie
We are not homies
Fifth relaxing
I speak Columbian partake in transactions
I black out in Iraq in the matte black maybach
Waymon Tisdale in the champagne bubble
It's damon wayans all my diamonds are living in Color RiFF
