

## LOBBY

Riff Raff

She waiting for me in the lobby  
I'm getting the top in the 'Rari  
Your girl say she love me, I'm sorry  
I guess there's just something about me

She waiting for me in the lobby  
I'm getting the top in the 'Rari  
Your girl say she love me, I'm sorry  
I guess there's just something about me

She fuckin' with me when I pull in the city  
I don't even ask, she just throw me that kitty  
I roll up the joint and I'll probably get dizzy  
You throwing them ones, I throw hundreds and fifties

I got that dough and I flip it, enlarge it  
If I swing then I'm hitting it out of the park  
King of my soul, ain't no piss on my heart  
My ice got the shine, you can see me in dark

If you ready you know that I'm ready  
And my pockets, you know that they heavy  
Make it rain and I'm throwing that fetty  
I'm a champion all over, I bet it

Niggas is hating, they petty  
Can't get on my level, they steady  
Diamonds, they dripping, they sweaty  
You can put that on credit or debit

She waiting for me in the lobby  
I'm getting the top in the 'Rari  
Your girl say she love me, I'm sorry  
I guess there's just something about me

RiFF!  
White sand when I take me a trip  
Aqua diamonds got my lip frostbit  
Panda piss all across my fist  
G6 and it's fully equipped

We aren't the same so it's hard to complain  
Young [?] champagne in the rain  
Hop off the plane in East Spain  
We don't speak the same language she still know my name

She knows all the words to my tunes  
I'm dropping the top and it's hotter than June  
Valet park the Bentley cocoon  
Jody three moons on a blue lagoon

Kilo on my throat

She washing my mullet with Miracle-Gro  
Gave her the keys to the Rove'  
I pull out my phone and she striking a pose

She waiting for me in the lobby  
I'm getting the top in the 'Rari  
Your girl say she love me, I'm sorry  
I guess there's just something about me
