I pull that choppa out and make 'em get to runnin' fast
He must have thought that it was sweet, but it ain't none of that
I run that money up quick, then I run it back
Have you ever spent a fifty then the next day make a hundred back?
I do it all the time, nigga that shit regular
I got 'em callin' for the packs on the cellular
You need to stop all that hatin', you gon' turn into the janitor
That bitch on some greedy shit, I ain't tryna get no bands with her
She gon' make me wanna kill the hoe
But I'm still runnin' to the money like I'm Ichiro
Ain't no talkin' when you get your pack, nigga this a give-and-go

How you feel? How you feel? I came up without no deal
I'm iced up, so I chill - you mad 'cause your money little
And if a nigga got a problem we gon' stalk out where you live
I'm in the streets, nigga, still, I'm standin' tall like a mill

Copped a cool cantaloupe, diamonds blewed off the roof
I'ma cop the coupe, lemon diamond look like lions doing layups on the moon
I'ma concord grape jelly roll Eddie Jones
I can finger roll five feet from free throw
If you talkin' 'bout another man, you need to get your bands up
Two Victoria's Secret models, they 'bout to pull my pants up
I just spent a cool forty piece, Galleria
I'm in Massachussetts, Moncler jacket eatin' burritos
Two Puerto Rican divas drinkin' margaritas
Uh, which one of y'all I was callin' señorita?
Long-long as you know that I'm all about my racks
Right wrist look like Rainbow Brite doing jumping jacks
Bought a fifty pack, 'Sace sleeping cap
Marmalade matte mint on the Maybach
