Knocking down the sun
Poom poom rest my shoulders
I done got non sober panter range rover
Chopping up the road shoulder

It's my choice
Playas hear my voice
In the airforce porche
I done got so hype
Don't make me say it twice
Jody Highroller fixing to pull out plenty dice

Syrup in my slice
Don't make me get specific
Cross the damn pacific
Don't make it get too major
My goals plenty ways
Plays get off the stage
Broke up the gauge
Haters is in a maze
My grace is amazing
Haters game persuavement

Came right back
Rap game Katy Perry

Never been scary
My tint is Burberry
I done came through
I got more money than the tooth fairy
Haters see me
Rap game Chevy Chase
I put it in they face
Versace belt on my waist
