Rice Out

Girl don't make me bring the rice out  
You already know I ice'd out my lighthouse  
Don't make me bring the rice out (Don't make me bring the rice  
out)  
Girl don't make me bring the rice out  
You already know I ice'd out my lighthouse  
Don't make me bring the rice out

You can be my job  
If you stay out my business  
Working out her body  
Like it's physical fitness  
Finna bring the rice out  
Her friend was the witness (Okay)  
Break me off with address  
I ain't worried 'bout them digits  
Walking on a tight rope  
I should have been a tiger  
Crawling down the lane  
And I finna be a spider  
Used to be broke  
But now she got amnesia  
3 am we scooping up  
Her friend at the Libra  
The way she walking to my car  
You knew she was an actress (You knew it!)  
Two hours later giving head on the mattress (Okay!)  
4 am I'm breaking out the whole damn trap house  
Cold on her skin, got gold on her skin  
I was finna pull them stacks out  
Now I'm pulling racks out  
4 am and I'm still pulling packs out  
Now we scooping up your gal  
Heading to casino  
Now I like to gamble  
Eggs like I'm scrambled  
(Ugh)  
Stacks out  
(Stacks out)  
Yeah I'm finna pull the rice out (Rice out)  
I said I'm finna pull the rice out
