

SONiC DiAMONDS

Riff Raff

I'll be right back
Me and Sonic copping blue diamonds out in Iraq
Hop out Chiraq
On my cellphone, I'ma call you right back

Fuck the news
All I care about is rocking new jewels
Me and my crew
I sing a hook like Erykah Badu

I'm bad with the time
I skipped school just to pull up at prom
I'm waving my wand
I could drink [?] but I drank the baton

I drink me a pint
Right wrist and it's built like a nightlight
I don't got time for a knife fight
I sip codeine to go night-night

Wild card pushing a car
We on the loose
Been blew up like bad news
Diamonds dancing like Paula Abdul

Left wrist
Right wrist 40k, me and my crew
Versace (yeah)
Medusa head all on my shoe

Big body Buicks
Big body Buicks, they all in the lot
Play with the paper
Play with the paper, you bound to get shot

Denzel Washington
What they called me 'fore I copped me a yacht
Candy cantaloupe
Diamonds on my ear, neck, and my throat

Fresh as a [?]
They figured I was kin to Chuck Norris the way I cut my dough
Tiptoe to the store like I'm Christian Dior
Tiptoe to the store like Theo

Huxtable
Main goal Lambo
Gas tank and it's full
I could have played for the bulls

I'll be right back
Me and Sonic copping blue diamonds out in Iraq
Hop out Chiraq
On my cellphone, I'ma call you right back

Fuck the news
All I care about is rocking new jewels
