

# Splashtown

Riff Raff

DJA

And we gon' get to the money  
Call me Splashtown when I drip to the money  
Call me on my cell if you got something for me  
Call me Splashtown when I drip, when I drip, when I-when I drip

And we gon' get to the money  
Call me Splashtown when I drip to the money  
Call me on my cell if you got something for me  
Call me Splashtown when I drip, when I drip, when I-when I drip

Can't be labelled a rapper, I bust a mill' out the package  
I coulda played for Dallas Mavericks but they found crack in my jacket  
Money stretch like a limo or half-melted Laffy Taffy  
Every week I buy a new piece, chain and medallion

Didn't realize jewels were missing 'cause I was way in Beijing  
But I was speaking Italian, far from average, a money magnet  
Never talked to you Coogi salads  
I was too busy counting my Versace cabbage, uh

Me and Derek Allen got 'bout fifty albums  
I can make my money stretch like Inspector Gadget  
Backflip, sidekick, frostbit on my wrist  
Why debate in politics when I get paid to talk shit? RiFF

And we gon' get to the money  
Call me Splashtown when I drip to the money  
Call me on my cell if you got something for me  
Call me Splashtown when I drip, when I drip, when I-when I drip

And we gon' get to the money  
Call me Splashtown when I drip to the money  
Call me on my cell if you got something for me  
Call me Splashtown when I drip, when I drip, when I-when I drip

I told her "if she got some money, I can drip with it"  
She cut you off because you broke and you a bitch nigga  
It only takes about a week to make, like, six figures  
I'm fuckin' rich, nigga: look how I live, nigga

I got diamonds in my [?]  
Reaching for my chain, that's the quickest way to die  
I ain't coming out my house if it ain't about no chips  
And if you call yourself beefing with me, I suppose you'll be killed

Cue my boys waiting on a fuck nigga to go and violate  
These niggas all up on my dick like a bitch just to ride the wave  
And I got all kinda plays, if it's slow I make the [?]  
I'm in H-Town right now, finna go and slide the Wraith

And we gon' get to the money  
Call me Splashtown when I drip to the money  
Call me on my cell if you got something for me  
Call me Splashtown when I drip  
When I drip, when I-when I drip

And we gon' get to the money  
Call me Splashtown when I drip to the money  
Call me on my cell if you got something for me  
Call me Splashtown when I drip  
When I drip, when I-when I drip
