Riff Raff

Came back, top that  
In my top back in my top, my top back, top  
DJ Afterthought, bitch!

Yo, on top back with my top, top back  
My top back with my top, with my top back

Uh, suckers still hate, then they still my style  
But I'm versatile as Versace Golden Child  
Still popping pills, still working wheels  
A-screen's on watching King of the Hill  
Money ain't gonna stop, trunks gonna unlock  
Thunderstorm warning but I still drop the top  
Yo, raise three feet of snow, money gonna grow  
I can smell haters when I walk through the door  
Might sip a fo', I can sip an eight  
I done hang-glided off the damn Golden Gate  
Uh, Golden Gate bridge, what I done did  
When I was a kid, codeine stains on my bib  
Check my outfit, can't find my script  
Purple diamonds on fist, got an Actavis wrist  
It's the young RIFF, gotta get specific  
I done [?] through the damn Pacific

Top back with my top, top back  
My top back with my top, with my top back  
With my top back  
Came back

Uh, man, top back with my top, top back  
My top back with my top, with my top back  
With my top back  
Came back  
With my top back

Yo, watch me watch TV  
Can't y'all 3D margarita screen  
Screens gonna shake, mics gonna break  
Tornado earthquake, cage [?] steak  
Can't make mistakes, cost too much money  
Can't waste time, my Rolex is lemon line  
It's a Sprite can, frozen time hand  
Speaker's Jackie Chan, Trump's Van Damme

Top back with my top, top back  
My top back with my top, with my top back  
With my top back  
Came back  
With my top back

Uh, man, my top back with my top, top back  
My top back with my top, with my top back
