

# TURQUOISE TORNADO FREESTYLE

Riff Raff

Paul Wall  
Ice, Ice man, Ice man Paul Wall  
Ice, Ice man, Ice man Paul Wall, baby

Ice top notch, guap over thots  
Better give me my props, Tinseltown watch  
Tear drop star studded, grill flooded  
Big budget, cup muddy, yeah buddy  
LeBron James, Riff Raff, the rookie on my wrist  
Kobe Bryant rings on my fists while you piss  
Watch this: I can quickly turn heads like a wrench  
Whole lot of Benjamins, the opposite of penny pinch

Paul Wall, Catfish Billy  
Riff Raff, bitch

I gotta start a business before I start a family  
I was age 10, promethazine in the pantry  
I don't wanna be fancy, I just want my diamonds dancing  
Ten bricks out in Denver, it's the white Marcus Camby  
Candy cane Lamborghini, it's the syrup sippin' Santa  
Should've won a GRAMMY, Jolly Rancher Fanta  
My mansion Miami, way out your jurisdiction  
I keep Versace vision, Moncler mission, guard gated subdivision  
The ones that say fuck bitches, man, they probably don't fuck bitches  
Surrounded by women since I ain't had a pot to piss in  
Made over a million a year since 2013  
Clean queen and Celine jeans, let her recruit the whole team

Yeah, I broke the program, put snow in her nose to a slow jam  
The boy's snow ballin', the abominable snowman  
Leather and a spiked choker, she woke up and it was, "No, man,"  
Chosen to the bar, I'm chosen, chewin' her jaw, like Skoal, man  
Spittin' these sentences, I sentence you to the row, man  
'Cause I, um, got it locked, mojo out of control, man  
Slow roll in a stolen Pontiac through the backroads  
Choppin', I got no doughs, man, bumpin' Billy Ocean  
With a flask of that potion, two cups in a cold Coke can  
Two shots of that Creek, I'm leakin', I'm movin' slow, man  
Me, Riff and Paul hit the mall with a clique of dogs  
In a fistful car, six pistols and no security guards  
It's the squad, hangin' tough like a thick big broad missing her bra  
With a hard pack, like a brick in the car

Catfish  
Yeah
