## Riff Raff

Out of body out of mind  
Floating in-between the ligths  
In my head I'm acting like  
Ain't nobody gonna kill my vibe  
Out of body out of mind  
Pretty sure I'll be alright  
In my head I'm acting like  
Ain't nobody gonna kill my vibe  
Ain't nobody gonna kill my vibe

First off pay off your taxes  
Accountant doing back flips pockets doing gymnastics  
Dropped off my 40 percent to Uncle Sam  
Damn fam can't I cop the cram' Lamb  
I must vacation on the regular  
No behind the scenes put away your cellular  
No phone service in Amsterdam  
Don't touch my hand I shine my nails  
I need three shots of gin in my ginger ale  
Here take my keys I can't see too well  
My feet need to meet the beach in East Greece  
My body needs to sleep beneath Versace sheets  
RiFF

Out of body out of mind  
Floating in-between the lights  
In my head I'm acting like  
Ain't nobody gonna kill my vibe  
Out of body out of mind  
Pretty sure I'll be alright  
In my head I'm acting like  
Ain't nobody gonna kill my vibe  
Ain't nobody gonna kill my vibe

Never meant to get bent out of shape  
But I ain't too many steaks put on too much weight  
Gained seventy pounds you could see it in my face  
Lean down and I can barely tie my shoe lace  
Fuck that I came back with a Gucci six pack  
I don't smoke crack but I put codeine over ice  
Crack the seal in Nashville spill the syrup in my Sprite  
If she act right I might bring out the rice  
Back to me, back to doing whatever I feel  
Back to you being annoying and keeping it real  
With your attitude I swear I've had it up to here  
I be damned if I let these haters get in my ear
