

# Waiting For

Riff Raff

Uh, yeah  
What you waiting for?  
What you waiting for?  
What you waiting for?  
Hold up

Place your bets, what you waiting for?  
This the moment, yeah, I've been waiting for  
Place your bets, oh, what you waiting for?  
This the mo-moment I've been waiting for  
Place your bets, what you waiting for?  
This the moment I've been waiting for  
Place your bets, what you waiting for?  
This the moment I've been waiting for

If you can't stack that paper, what you make it for?  
Know you couldn't move it, what you take it for?  
Both us getting bitches, what you hating for?  
Now I tell the dealership to make it foriegn  
Wasn't actin' like your lady, met her touring  
How was you the plug, you couldn't fit the cord in  
Yeah them blue benjis, fell in love with 'em  
I don't never hit the club with 'em  
Cut a brick, not a rug with 'em  
Need my money, foreign boy, fuck a language  
Papi still be mad that I ain't learn my Spanish  
Related through the paper, we ain't on no gang shit  
If bro don't fuck with you, then I'm on the same shit  
Life been going good, I swear my life better  
Just fucked your favorite singer on some white leather  
Heard I got that white bitch, oh you like Heather?  
Miami in December for some nice weather  
Presence on a beach, every second worth a G  
Hit the bando for a play, then I keep it on repeat  
Got a thousand on my feet, see my bitch always on fleek  
Then I cut it with some magic, to the four like they did me

Place your bets, what you waiting for?  
This the moment, yeah, I've been waiting for  
Place your bets, oh, what you waiting for?  
This the mo-moment I've been waiting for  
Place your bets, what you waiting for?  
This the moment I've been waiting for  
Place your bets, what you waiting for?  
This the moment I've been waiting for

What you waiting for?  
And I been waiting for  
What you waiting for?  
And I been waiting for

I don't want a slice, I want the whole pie  
Patiently waiting, yeah the whole time  
How can one sleep when they don't close their eyes?  
Back against the wall, man, it's do or die  
Now it's money all week, then I pray on Sunday  
Now I wish they would try and take it from me

Now it's money all week, then I pray on Sunday  
Now I wish they would try and take it from me

Place your bets, what you waiting for?  
This the moment, yeah, I've been waiting for  
Place your bets, oh, what you waiting for?  
This the mo-moment I've been waiting for  
Place your bets, what you waiting for?  
This the moment I've been waiting for  
Place your bets, what you waiting for?  
This the moment I've been waiting for
