

White Sprite

Riff Raff

I pour a four in a white Sprite
My TV shinin' like a flash light
I don't really think they like me
I don't really think they like me

I pour a four in a white Sprite
My TV shinin' like a flash light
I don't really think they like me
I don't really think they like me

Uh, yeah, nice ice
I'm 'bout to put you out of business, Service Merchandise
I'm smokin' dank, countin' bank in my army tank
You're pullin' pranks, I'm pullin' pumps like a gas tank
My diamonds frosted but I'm still rockin' tank tops
I'm crushin' rocks on black tops made by Reebok
Mary super stupid in the fossil benz (dinosaur)
Headed back to the country, rap game Huck Finn

I pour a four in a white Sprite
My TV shinin' like a flash light
I don't really think they like me
I don't really think they like me

I pour a four in a white Sprite
My TV shinin' like a flash light
I don't really think they like me
I don't really think they like me
