You never get a chance to break my heart  
Safely locked away  
But now I got a thousand bills to pay  
Should've talked to me yesterday

I should've known better  
I should've known  
From the day you try unlock me phone  
Why you wanna see texts from Simone  
That's some random chick girl c'mon  
And anytime you see me  
You know I see it's drama, drama, drama, drama  
And anytime I see you  
All I see is comma, comma, comma, comma  
I bet you check my insta on the low  
And you vex, we need to grow  
Me no have time for you baby  
Listen up  
Me why you know

How do you do and how do you feel  
You got to walk the walk up the hill  
I'm so for real  
You know the deal  
Real will appeal  
Time will reveal  
Heartbreaks, new love, both times  
Is what you was  
Good times is what I like  
And that's why I love my life  
See everyday I wake up and I'm feeling brand new  
Cause I'm living my life without you  
So you can stop the day  
I got my heart safely locked away

Yesterday and I don't even miss a little bit  
I know you hear my name a lot that must make you sick a bit  
My girl you couldn't handle it  
I know you feel my way when you think of it  
But I'm feeling  
Overseas with a  
Cool breeze and a  
Drink in my hand with me  
Minor tease  
You over there you having  
Begging me please while  
I'm over here having  
Rolling my trees  
I've been working I've been grinding so long  
You missed your chance now baby yesterday's gone
