

ABC

Right Said Fred

From my toes to my spine
Up my legs where the sun don't shine
Funny bone, fingertips
Hold the phone while you kiss my lips

ABC, 123, f.a.b., TLC, you and me NRG
We've got a real live beautiful thing

ABC, 123, you and me it's elementary
ABC, 123, you and me it's elementary
I like it

From my bottom to the top
I've begun now so I can't stop
In my tummy butterflies
When did love go fluttering by?

ABC, 123, f.a.b., TLC, you and me NRG
We've got a real live beautiful thing

ABC, 123, you and me it's elementary
ABC, 123, you and me it's elementary
I love it, ABC, I like it, 123, we got it
You and me it's elementary
Oh yeah

From my nose to my chest
Heading south with such eagerness
Hang a left, second right
Within reach but out of sight

ABC, 123, f.a.b., TLC, you and me NRG
We've got a real live beautiful thing
We've got something
We've got a real live beautiful thing

ABC, 123, you and me it's elementary
ABC, 123, you and me it's elementary
ABC, 123, you and me it's elementary
I love it, ABC, I like it, 123, we got it
You and me it's elementary

ABC, 123, you and me it's elementary
ABC, 123, you and me it's elementary
I love it
