

## Come Dancing

Right Said Fred

What you gonna do when you lose your keys?  
What you gonna do when no one says please?  
What you gonna do when the traffic's jammed?  
What you gonna do when on that one-night stand?  
Whoa oh oh come dancing  
Whoa oh oh come dancing

What you gonna do when your bus is late?  
What you gonna do when your friends don't wait?  
What you gonna do when your bank says "no"?  
What you gonna do when with that scenario?  
Whoa oh oh come dancing  
Whoa oh oh come dancing

Let the music play  
There's nothing left to say

Oh my green-eyed girl we danced the night away  
Oh my green-eyed girl we danced the night  
We danced the night away

What you gonna do when you lose your phone?  
What you gonna do feeling all alone?  
What you gonna do when he won't take no?  
What you gonna do with that lethario?  
Whoa oh oh come dancing  
Whoa oh oh come dancing

Oh my green-eyed girl we danced the night away  
Oh my green-eyed girl we danced the night  
We danced the night away

It's just you and me together  
It's just you and me together  
We'll turn the lights down low  
I mean low

Oh my green-eyed girl we danced the night away  
Oh my green-eyed girl we danced the night  
We danced the night away
