

Me I've got a lot to say
What the fuck do I know?
If you wanna walk away
Where the hell would you go?
Gonna make today a good, good day
Loving is a godsend

Here we go again my friend
Never thought it'd come to this though
If the party ends
Where the hell would we go?
Can we get love to trend?
Can we get love to trends?

Oh
Loving is a godsend
Loving is a godsend
Loving is a godsend

Me I've got a lot to learn
What the fuck do I know?
All those bridges I've burned
Where the hell would I go?
When the cold wind blows
Loving is a godsend

Never thought it'd come to this though
Never thought it'd come to this
Never thought it'd come to this though
Never thought it'd come to this

Loving is a godsend
Loving is a godsend
Loving is a godsend

Loving is a godsend
