

Love Pressure

Right Said Fred

"Come to bed and make love to me"
That's what she said with a smile
I said, "Can't we delay that activity?
Get to know each other a while"

Love needs devotion
But sex don't need emotion
Love needs devotion
But sex don't need emotion

You put me under love pressure, love pressure
Every day, every night, wo, wo wo, wo
You put me under love pressure, love pressure
Every day, every night, that's right, that's right

"Come to bed and make love to me"
That's what I said with a smile
She said, "I'm sorry, you're history
I got a fresh number to dial"

Love needs devotion
But sex don't need emotion
Love needs devotion
But sex don't need emotion

You put me under love pressure, love pressure
Every day, every night, wo, wo wo, wo
You put me under love pressure, love pressure
Every day, every night, that's right, that's right

You put me under love pressure, love pressure
Every day, every night, wo, wo wo, wo
You put me under love pressure, love pressure
Every day, every night, that's right, that's right

Love needs devotion
But sex don't need emotion
Love needs devotion
But sex don't need emotion

You put me under love pressure, love pressure
Every day, every night, that's right, that's right
You put me under love pressure, love pressure
Every day, every night, wo, wo wo, wo

You put me under love pressure, love pressure
Every day, every night, that's right, that's right
