This is the house of Mojive!

You take the 'R' and 'B' from the rhythm and blues,
the 50's style and the dancing shoes, a little bit of soul,
a little bit of roll, four on the floor and we're ready to go.

You take the Hip-Hop sound and you shuffle it around,
a techno beat, but you make it sound sweet, a little bit of house,
a little bit of swing, four on the floor and you're doing your thing.
