Play On

Right Said Fred

Turn it up it's my favorite song... sha laa laa Turn it up and we'll all sing along... sha laa laa I won't be the first, I won't be the last I'm a spark in the dark and I'm rising We're having a go, we're having a blast We are coming alive

We are going all the way and we play on And we play on We are having it away and the weekend starts today Play on

Turn it up again and again... sha laa laa Turn it up to eleven and then... sha laa laa I won't be the first, I won't be the last I'm a spark in the dark and I'm rising. We're having a go, we're having a blast We are coming alive.
