

The Wizard

Right Said Fred

I can read what's going through your mind
And I can see what you hide in your eyes
Yes I gonna pull a spell on you
Just to see exactly what you do

I'm a wizard
And there is magic in the air
I'm a sinner
And my friend, you best beware
There's magic everywhere

Can you see the full moon in the sky
Time like water flows by till we die
Every moment wasted leaves its mark
Exiting sun leaves us standing in the dark

I'm a wizard
And there's magic in the air
I'm a sinner
And my friend, you best beware
I'm a wizard
And there's magic in the air
I'm a sinner
And my friend, you best beware
There's magic everywhere

You must forgive the noise you rushing fools
You have no time for nature's natural school
They cannot see the lightness in their hands
Like mystik disappear across the land

I'm a wizard
And there is magic in the air
I'm a sinner
And my friend, you best beware
I'm a wizard
And there is magic in the air
I'm a capturer
And my friend, you best beware
There's magic everywhere

I'm a Wha-wha-wha-wha-wha-whawhawhawha-wizard
I'm a Sci-sci-sci-sci-sci-scisciscisci-sinner

I'm a Wha-wha-wha-wha-wha-whawhawhawha-wizard
I'm a Sci-sci-sci-sci-sci-scisciscisci-sinner

I'm a Wha-wha-wha-wha-wha-whawhawhawha-wizard
I'm a Sci-sci-sci-sci-sci-scisciscisci-sinner

I'm Wizard
I'm Wizard
I'm Wizard...
