

Turn Me On

Right Said Fred

Oh you've got me to coochie-coochie coo
You've got me to yabba dabba doo
Ain't that good
I've got you to write my name
Write my name in love again
You've got me to wrestle tigers now
And you've got me to somersault and bow
Ain't that good
I've got you to write my name
Write my name in love again
Alright

Oh yeah, alright
I'm like a radio you turn me on at night
Oh yeah, alright
I'm like a radio you turn me on at night
Play it again

Oh you've got me to be your thunderbird
You've got me to rub it when it hurts
Ain't that good
I've got you to rescue me
Save me from catastrophe
Alright

Oh yeah, alright
I'm like a radio you turn me on at night
Oh yeah, alright
I'm like a radio you turn me on at night
Play it again

You've got me to yoyo up and down
You've got me to come without a sound
Ain't that good
I've got you to write my name
Write my name in love again
Alright

Chorus

Oh yeah, alright, oh yeah, alright
Oh yeah, alright, oh yeah, alright
