

Two White Boys

Right Said Fred

We're just two white boys
We're just two white boys
Making white boy noise
Yeah we're just two white boys
Oh we're just two white boys
That no one else employs
From hove to Illinois
Yeah we're just two white boys

It ain't about cool, that's just a cover
It's all about singing songs with me brother
We sing, and we sing
And we sing about anything that makes us
Sing, and we sing, and we sing about anything that makes us sin
g

We're just two white boys
We're just hoi polloi
That no one can destroy
Yeah we're just two white boys

It ain't about risk, it ain't about colour
It's just about singing songs with me brother
We sing, and we sing
And we sing about anything that makes us
Sing, and we sing, and we sing about anything that makes us sin
g

It ain't about risk, it ain't about colour
It's just about singing songs with me brother
We sing, and we sing
And we sing about anything that makes us
Sing, and we sing, and we sing about anything that makes us sin
g
Sing, and we sing, and we sing about anything that makes us sin
g
Sing, and we sing, and we sing about anything that makes us sin
