

You Want Kissing

Right Said Fred

Your greens you get from a grocer
Fishes you get from the sea
Bread you get from the baker man
You want kissing come to me now

Blues you get from bb king
Apples you get from a tree
Heat you get from the midday sun
You want hugging come to me now

I never know how much I'm gonna love you
I never know how hard I'm gonna squeeze
I never know how much I'm gonna love you
You want kissing come to me now

Stress you get from the city
Honey from a bee
Meat you get from the butcher man
You want kissing come to me now

Pearls you get from an oyster
Hope you get from a dream
High you get from having a good time
You want hugging come to me now

I never know how much I'm gonna love you
I never know how hard I'm gonna squeeze
I never know how much I'm gonna love you
You want kissing come to me now
I never know how much I'm gonna love you
I never know how hard I'm gonna squeeze
I never know how much I'm gonna love you
You want kissing come to me now

Trust you get from a best friend
Turn on you get from a tease
Bounce you get from a rubber ball
You want kissing come to me now

I never know how much I'm gonna love you
I never know how hard I'm gonna squeeze
I never know how much I'm gonna love you
You want kissing come to me now

Greens you get from a grocer
Fishes you get from the sea
Bread you get from the baker man
You want kissing, you want hugging
You want loving come to me now
