

# Fight Back

Righteous Vendetta

Get on your feet  
Wipe the blood from your lips  
Your eyes are closing fast  
We won't go down like this  
These dreams that are haunting me  
They bring the demons to come and say  
My eyes are closing fast  
We won't go down like this

Fight, back  
Burn it up, are you down with that  
Whoa-oh-oh-oh  
Watch yourself for coming back  
Fight, back  
Burn it up, are you down with that  
Whoa-oh-oh-oh  
Watch yourself for coming back  
Watch yourself for coming back

The world is waiting for me  
With eyes peeled, they're waiting to see  
My life is fading fast  
It all comes down to this  
These dreams that are haunting me  
I come to realize I don't believe  
My eyes are closing fast  
We won't go down like this

Fight, back  
Burn it up, are you down with that  
Whoa-oh-oh-oh  
Watch yourself for coming back  
Fight, back  
Burn it up, are you down with that  
Whoa-oh-oh-oh  
Watch yourself for coming back

Fight back!

Hands up, fight back, fight back!  
Hold your tongue, fight back, fight back!  
Shut your mouth, fight back, fight back!  
Fight back, fight back!  
Fight back, fight back!  
Fight back!

Fight, back  
Burn it up, are you down with that  
Whoa-oh-oh-oh  
Watch yourself for coming back  
Fight, back  
Fight, back  
Burn it up, are you down with that  
Whoa-oh-oh-oh  
Watch yourself for coming back

Fight back, fight back!

Hold your tongue, fight back!  
Fight back!
