

## What You've Done

### Righteous Vendetta

Before the fog rolls in and takes us away  
I pray the rising sun will burn this world instead

Is this the end of it all?  
Is this the end of us us so go

All time in this world won't heal  
What you've done to me  
Look what you've done to me  
I want to know if this love is real  
What you've done for me  
Know what you've done for me

I am the one that will hold you down and make you say  
Everything you've left for and everything you've done to me

All time in this world won't heal  
What you've done to me  
Look what you've done to me  
I want to know if this love is real  
What you've done for me  
Know what you've done for me

Whatever happens know that I will be waiting  
To lift you up when it is ours for the taking  
Just look to the sky and see me  
Just look to the sky and see me

Whatever happens know that I will be waiting  
To lift you up when it is ours for the taking  
Just look to the sky and see me  
Just look to the sky and see me

All time in this world won't heal  
What you've done to me  
Look what you've done to me  
I want to know if this love is real  
What you've done for me  
Know what you've done for me

All time in this world won't heal  
What you've done to me  
Look what you've done to me  
I want to know if this love is real  
What you've done for me  
Know what you've done for me
