

## Fragrance of Corpse

### Rigor Mortis

Hideous, disgusting, obnoxious and crude  
A family outcast that's vile and rude  
Secluded, abandoned, desolate, alone  
Withdrawn from the world he lives on his own  
Sadistic, inhuman, merciless and cruel  
His own moral standards, his own set of rules

Putrid - Stinking smell  
Rotting - Bodies swell  
Decayed - Human skill  
The Fragrance of Corpse is his stench of his kin

Pretending he's God to provide for his needs  
Reattaching body parts until he succeeds  
An assortment of heads, torsos and limbs,  
Modern day Frankenstein creating his friends

Demented, unbalanced, unstable, deranged  
Bodies of victims are severed and maimed  
Revengeful, psychotic, vindictive, insane  
Attaching choice pieces of human remains  
Murdering, butchering, dissecting, mayhem  
Constructing companions that never betray him

Putrid - Stinking smell  
Rotting - Bodies swell  
Decayed - Human skill  
The Fragrance of Corpse is his stench of his kin

Pretending he's God to provide for his needs  
Reattaching body parts until he succeeds
