Daybreak finds me yet unslept
Lights off, leaning back into the car seat
My week always feels like
It's two days longer than other's

I try to be better today than yesterday
To keep on running, day by day
Out of breath, but I'm doing my best
So that I won't regret
Sometimes my feet feel heavy
Still we gotta keep going, we alright

I've been out here nine whole days
Day in, day out, on the stage
I've been out here nine whole days
Day in, day out, my dream is Too far
Truth lies here in my feelings
It's the reason I keep moving
I've been going nine whole days
Must beat my reflection in the mirror

Stage, then lesson, again recording (Yeah)
My eyes open and here we go again (Yeah)
Everything that had felt awkward (Yeah)
Bit by bit becomes routine
Think I kinda get it now, then
Again it all feels strange
Why can't it be easy?
What seemed easy is actually real hard
Endless practice and sweat
I can't stop myself even for a day

I try to meet higher expectations and
Overcome limits, day by day
I'm doing my best until the end
Keep promising myself
Though I might trip and fall sometimes
I put trust in myself and keep going

I've been out here nine whole days
Day in, day out, on the stage
I've been going nine whole days
Day in, day out, my dream is Too far
Truth lies here in my feelings
It's the reason I keep moving
I've been going nine whole days
Must beat my reflection in the mirror

I should've known (I should've known)
I should've known (I should've known)
I should've known (I should've known)
There's no finish line, at each moment

Again I strive onward to find another me
