

Stuck Inside My Head

Riley Clemmons

Like a song I've heard one too many times
Like the same old movie, you're always gonna make me cry
Just pain and trouble with a good disguise
Tryna start a fire, tryna steal my light

All you ever did was hold me back
So now I'm never ever coming back
But why?
Tell me why (Hey)

You're stuck inside my head
And I just can't get you out
You're in my head (You're in my head)
I would rather think of anything instead
I try to fight it, but it's you
It's always you

You're stuck inside my head
Stuck inside my head
Why?

Like an old bad habit that I've finally beat
Used to have to have it but now I'm finally free
Like a lesson learned, another memory
Yeah, you left a burn, but it's reminding me

All you ever did was hold me back (A-ha)
So now I'm never ever coming back (A-ha)
But why?
Tell me why (Hey)

You're stuck inside my head (Hey-hey)
And I just can't get you out
You're in my head (You're in my head)
I would rather think of anything instead
I try to fight it, but it's you
It's always you (It's always you)

You're stuck inside my head
Stuck inside my head
Why?

Maybe it'll just take time
For me to leave the past behind
But I'mma get you off of my mind
Cause I know that I got
Better things to think about
Than all the ways you dragged me down
But right here in this moment all I know is that I gotta know why

You're stuck inside my head (Ooh, ooh)
And I just can't get you out
You're in my head (You're in my head)
I would rather think of anything instead
I try to fight it, but it's you
It's always you (Hey)

You're stuck inside my head (Inside my head)
And I just can't get you out
You're in my head (You're in my head)
I would rather think of anything instead
I try to fight it, but it's you (It's you)
It's always you (It's always you!)

You're stuck inside my head
Stuck inside my head
You're stuck inside my head (Stuck inside my, stuck inside my)
Stuck inside my head (Tell me, tell me why?)

You're stuck inside my head, my head
You're stuck inside my head
You're stuck inside my head, my head
Oh, why?
