

## Different 'Round Here

Riley Green

Round here fast is how the grass grows  
Lost is what you find on a back road  
Proof's in the whiskey, red's in the dirt  
And hard work stops at the fence row

We stand for the flag, and if you don't like it, we don't care  
'Cause we do things a little different round here

Brave is eighteen wearing army green  
Truth is in the words, in red we read  
Proud is what you say about where you're from  
Heroes are daddies and mommas are love  
The right is right, and wrong is wrong, yeah we're...  
Doing things a little different round here

Easy's at the end of a long day  
Free's how you feel, not what you pay  
Simple's how we live, thanks is what we give  
And roots in the ground's why we stay

Brave is eighteen wearing army green  
Truth is in the words, in red we read  
Proud is what you say about where you're from  
Heroes are daddies and mommas are love  
The right is right, and wrong is wrong, yeah we're...  
Doing things a little different round here

Rain on a roof is what a song is  
Home is where the heart is

Brave is eighteen wearing army green  
Truth is in the words, in red we read  
Proud is what you say about where you're from  
Heroes are daddies and mommas are love  
The right is right, and wrong is wrong, yeah we're...  
Doing things a little different round here  
Yeah, we do things a little different round here
