

## Reel Problems

Riley Green

My boss is on my back, my job's on the line  
Little high on the bills, a little low on the dime  
The world's gone to hell on the five o'clock news  
But out on this lake, we got hard times here too

I got some reel problems like some cold beers to crack  
Got a hole in my net and an old-fashioned backlash  
Yeah, some reel problems like a big ol' bird's nest  
There's ten pounds of bass on my seven-pound test  
And I'm hung up on a log on the bottom  
Yeah, I got myself some reel problems  
Some rod and reel problems

My baby just called me, she says we're through  
Said she hates my guts, and her momma does too  
Well, I oughta head home now, we could quit all this fighting  
But I can't just leave, son, they just started biting

Got me some reel problems like some cold beers to crack  
Got a hole in my net and a good old-fashioned backlash  
Yeah, some reel problems like a big ol' bird's nest  
There's ten pounds of bass on my seven-pound test  
And I'm hung up on the log down on the bottom  
Yeah, I got myself some reel problems

Oh, we in trouble, boy  
And just when I was about to head in  
Well, hold on, I just cut the bait

Guess I got myself some reel problems like some cold beers to c  
rack  
Got a hole in my net and an old-fashioned backlash  
Yeah, some reel problems like a big ol' bird's nest  
There's ten pounds of bass on this seven-pound test  
And I'm hung up on a log on the bottom  
I got myself some reel problems  
Some rod and reel problems
