

Wild Woman

Riley Green

You were born a heart breaker
Let them down easy kind
You don't know how to fake
You're more whiskey than wine
The pedal to the floorboard
You're a howl at the moon
All night long
I can try to hold on

Lord knows you're a wild wild woman
You're a natural, one of a kind
You're a wild wild woman
Girl, you know you drive me wild
Wild woman

You're a tall longneck bottle
When the long day is done
You ain't hurtin' nobody
You're just out for fun
The rivers gonna run
And the birds gonna fly
And I can't tie you down
And I ain't gonna try

You're a wild wild woman
You're a natural, one of a kind
You're a wild wild woman
Girl, you know you drive me wild
Wild woman
Wild woman

And I'm losin' my mind
Still trying to hold on

To a wild wild woman
You're a natural, one of a kind
You're a wild wild woman
Girl, you know you drive me-

Wild wild woman
You're a natural, one of a kind
You're a wild wild woman
Girl, you know you drive me wild
Wild woman
Wild woman
