

Ayy

If you're talkin' 'bout me, I know it's somethin'  
If I'm talkin' 'bout hoes, you know I don't trust 'em, yeah  
If you're lookin' for money, I don't got it  
Yeah, you got my line, so baby, call it, yeah  
Sing it back for the city life one time  
If you wanna run away, then, girl, I've got time, yeah  
Take it slow like we don't know what we're doing  
It's all good 'cause, girl, yeah, you've been through it

'Cause I, I just wanna be the one you try  
I just wanna be the one that gets you high, yeah, yeah  
Wanna be the one that's on your mind, yeah, yeah, ayy, ayy  
'Cause I, I just wanna be the one you try  
I just wanna be the one that gets you high, yeah, yeah  
Wanna be the one that's on your mind, yeah, yeah  
Wanna be there for you

With no strings attached  
Tell me what's best, my heart, your hands  
And you don't wanna move so fast tonight  
I don't know what they did before me  
But unless you ever told me  
And I know you get lonely

I, I just wanna be the one you try  
I just wanna be the one that gets you high, yeah, yeah  
Wanna be the one that's on your mind, yeah, yeah, ayy, ayy  
'Cause I, I just wanna be the one you try  
I just wanna be the one that gets you high, yeah, yeah  
Wanna be the one that's on your mind, yeah, yeah  
Wanna be there for you

Oh, yeah, yeah  
Wanna be there for you  
Oh, yeah, yeah  
Wanna be there for you, yeah, yeah  
I wanna be there for you  
Oh, yeah, yeah  
I wanna be there for you
