Inside

RILEY

Why you with me?
This feel like a lifetime
I can't even think
I be in your mind so
I don't do it, mate
Sitting on a bedside
Seeing red like

I just wanna
Swallow them deep
Flow to the other side
Give me respect
Or I'mma take your life
Back on them pills babe, yeah
Hate that I'm wasting time
I'm on the edge
You say you're doing fine
Fuck the plug, just hit me up
Don't approach me on some fucked shit
I been taking drugs, that mean a lot
I ain't no one you should fuck with
Keep your distance when I'm up
I'm numb of the blue pills, I'm stuck here
I ain't been sober for days
I'm killing the pain
Not willing to stop this, yeah

Keep it inside, yeah
Oh, yeah
Keep it inside, yeah

Inside
I'mma keep these feelings on the inside, yeah
Took too many Oxys, now I'm too high, yeah
Mama, I'mma say that this is goodbye, yeah
Fuck it, goodbye
Keep 'em on the inside, yeah
I just took an Addy, got my eyes wide, yeah
Mama I'mma say that this is goodbye, yeah
I'ma keep these feelings on the inside, yeah
Fucking goodbye
Keep 'em on the inside, yeah

You keep on running away
I keep on numbing the pain
I know you want me to stay
Fuck if you think that I'm playin'
You still on the same shit as last time
I can't even feel you, tell me
Keep me on the
