

## Lower East Side

RILEY

I hear we've fallen off  
Can't remember who I am and everybody wanna keep us on a low  
I don't wanna go  
What was it like when you fell for me?  
Do you remember December when I pulled up to New York City?

Elevator upstairs  
To get me on the ground  
Brought the candles out  
Always held me down  
I know you felt the same 'bout me  
There's no one here to blame but me

Baby, don't run if you can't hide  
You keep me up late  
You always on my mind  
And I don't wanna fuck nobody but you 'cause it's not the same (it's not the same)  
(It's never the same)

Momma always told me that the one I fall in love with will make it easy for  
a man to change his ways  
Now I'm all alone and I can't stand to see you happy 'cause I know I really  
fucked up everything

I'd give it up for just another chance  
You never wanted diamonds in the light that dance  
You really gave me just a piece of you  
There never was a me without a piece of you

Momma always told me that the one I fall in love with will make it easy for  
a man to change his ways  
Now I'm all alone and I can't stand to see you happy 'cause I know I really  
fucked up everything

I'd give it up for just another chance  
You never wanted diamonds in the light that dance  
You really gave me just a piece of you  
There never was a me without a piece of you

(Never was a me without a piece of you)

I woke up in the city to the sunlight through the window with you right there by my side  
You tell me "baby, I don't want no one but you, I've never felt this in my life"  
You tell me "please, don't leave town, leave town  
I'll be your guarantee now, it's We now"  
Suddenly I changed shit up on you and now I'm on a plane

I lay you on the bed  
Kiss you up and down  
You screaming out my name  
You know I like that sound  
And no one plays the game like you  
You got me feeling so brand new

Your nails up in my bed  
My head between your legs  
Gave you all of me  
I never made you beg  
And I don't wanna love nobody but you 'cause it's not the same  
The same

Momma always told me that the one I fall in love with will make it easy for  
a man to change his ways  
Now I'm all alone and I can't stand to see you happy 'cause I know I really  
fucked up everything
