

# PRADA ME

RILEY

She told me scoop up inside of my foreign coupe  
She might be pourin', but she told me I could throw the roof  
She come into the studio and do me in the booth  
She even hit the high note if I get her loose  
I should probably record her, ever snitched on me, ain't no informer  
If she do wrong me, then I deserve it, probably  
Flirting like Tristan in the hotel lobby  
Ay, I'm proud of you baby, you got over all of my past shit  
Yeah, in my past life, I used to be ratchet  
Oh, yeah, the fast life was always attractive  
Yeah, we was active, but somehow you messed it  
And up the ante, now we okay, yeah, we okay, ay  
Only trophy that I got in the cold game, cold game (Oh)

Say you're proud of me  
'Cause you don't wanna be alone in your own designer sheets  
That's why you'll never leave  
'Cause every other bitch I know tryna end up in a higher league  
For sure  
I can buy you everything in Dior you want  
I could fly you out to the coast you love  
I'ma front everything as long as you're proud of me  
I'ma buy another house out of east LA  
I'ma cop the [?] 'cause it's hard to say  
I'ma front everything as long as you're proud of me  
Proud of me, yeah

What's that look for? (Look for?)  
You know you got that pussy I've been hooked on (I've been hooked on)  
So why you always press me when them hoes call? (When them hoes call?)  
You know they ain't the one, but you I put on, yeah  
New Giuseppe, new Chanel, new Balenciaga, and YSL  
We don't try it on, we just wait for mail  
If they ever lock me up, you gon' post the bail (Bail)  
And if you ever go down for crime in history  
It'll probably be from every look you stole from me  
And know whatever you need you'll always have as long as you're proud of me  
As long as you're proud of me (Oh)

Say you're proud of me  
'Cause you don't wanna be alone in your own designer sheets  
That's why you'll never leave  
'Cause every other bitch I know tryna end up in a higher league
