

# TALK

RILEY

Make me wonder what I'm missing  
Who is it you're kissing?  
In your parents kitchen  
I won't talk, I'll listen  
Baby, let me run  
Run right back to you  
I just wanna talk  
Talk 'bout losing you

You talk about me, me, me  
Talk about you, you, you  
Talk about all the good things and the bad things that we should do  
You talk about us right now  
Baby, please calm me down  
I don't want nothing but you and I want [?] you  
So stick around

I think I'm falling in lust  
I don't know who else to trust  
I know you love to let me fall down, pick me back up  
What you have now ain't even love  
I see you falling in love (in love), in love (in love)  
Well let's talk about us  
(Talk about us, talk about us)  
Let's talk about us  
(Talk about us, talk about-)

All the noises in our city  
And the fighting's got me dizzy  
I had you, now you're missing  
Now your phone just keeps on ringing  
25, you look so fine  
And I hate to see you cry  
Know I gave you all my time  
Baby girl, don't act so surprised

You talk about me, me, me  
Talk about you, you, you  
Talk about all the good things and the bad things that we should do  
You talk about us right now  
Baby, please calm me down  
I don't want nothing but you and I want [?] you  
So stick around

I think I'm falling in lust  
I don't know who else to trust  
I know you love to let me fall down, pick me back up  
What you have now ain't even love  
I see you falling in love (in love), in love (in love)  
Well let's talk about us  
(Talk about us, talk about)  
Let's talk about us  
(Talk about us, talk about)  
Let's talk about us  
(Talk about us, talk about)  
Let's talk about us  
(Talk about us)

Let's talk about us  
(Talk about)  
Let's talk about us

Please don't talk 'bout me when I'm not around  
Your [?] always said you're my queen without a crown  
Ooh, when I'm lost you make me feel like I'm found  
Another day I'll see you round-  
Round town (oh yeah)

(Talk about us, talk about)  
Oh no no no no  
(Talk about us, talk about)  
Damn, oh damn  
(Talk about us, talk about)  
(Talk about us, talk about)  
Don't talk about us, don't talk about us  
Don't talk about us, talk about us  
Don't talk about us, don't talk about us  
Don't talk about us, talk about  
Don't talk about us
