

# THROW ME AWAY

RILEY

Know that sound of your voice  
It brings me right back to you (Oh yeah, yeah, yeah)  
Stuck around by choice (Stuck around, stuck around)  
Even when you went your own [?] (Woah, woah, woah)

What's it gonna take to make you stay?  
'Cause every night I think about you  
I'm at a loss for words to say  
Maybe I'm better off with you-o-oh (Yeah, yeah, yeah)  
Better off with you-o-oh (Yeah, yeah, yeah)

And you, oh yeah (oh-o-oo)  
Just wanna throw me away (Away-yeah, yeah)  
And you, oh yeah (oh-o-oo)  
Just wanna throw me away (Away-yeah, yeah)  
And you, oh yeah  
You just wanna throw me away (Away-yeah, yeah)  
You just wanna throw me away  
(And you, oh yeah)  
You just wanna throw me away (Away-yeah, yeah)

I know you had enough (yeah)  
There's a million mistakes baby  
You don't wanna talk  
Not in this condition baby  
They don't know nothing 'bout us (they know nothing 'bout us)  
'Cause they don't know nothing 'bout love, bout' love-oh-oh

What's it gonna take to make you stay?  
'Cause every night I think about you  
I'm at a loss for words to say  
Maybe I'm better off with you-o-oh (Yeah, yeah, yeah)  
Better off with you-o-oh (Yeah, yeah, yeah)

And you, oh yeah (oh-o-oo)  
Just wanna throw me away (Away-yeah, yeah)  
And you, oh yeah (oh-o-oo)  
Just wanna throw me away (Away-yeah, yeah)  
And you, oh yeah  
You just wanna throw me away (Away-yeah, yeah)  
You just wanna throw me away  
(And you, oh yeah)  
You just wanna throw me away (Away-yeah, yeah)

Lately I'm the one you doubted  
Used to be, be about it  
Now you can't stick around this  
How can you throw me aw-  
Lately I'm the one you doubted  
Used to be, be about it  
Now you can't stick around this  
How can you throw me aw-  
Lately I'm the one you doubted  
Used to be, be about it  
Now you can't stick around this  
How can you throw me aw-  
Lately I'm the one you doubted

Used to be, be about it  
Now you can't stick around this  
How can you throw me away?
