

# Under the Blacklight

Rilo Kiley

When you get sober  
Will you get kinder  
Cause when you get uptight  
It's such a drag

When I get older  
I won't remember  
Until that day comes  
I've got something on you

Under the blacklight  
Out in the garden  
Into the pale moon  
I'll be waiting

Under the blacklight  
Under the blacklight

Even dead men  
Lie in the their coffins  
It's been a long time  
Since you felt better

Under the blacklight  
Out in the garden  
Into the pale moon  
I'll be waiting

Under the blacklight  
Out in the garden  
Into the pale moon  
Under the blacklight

Somewhere in Laredo  
Borders a soft man  
Like a black widow  
I'll be crawling

Under the blacklight  
Out in the garden  
Into the pale moon  
Under the blacklight

Down in the valley  
Up in the dark blue  
Under the blacklight  
Under the blacklight
