

"I have been rehearsing all day  
I have been up since 4 this morning  
I have been trying to write a song for a week  
And I am nowhere!"

4 in the mornin', no sleep 'till I finish  
J'fais les 100 pas dans ma tête when I'm lagging  
Ain't got no time for the phone and the worries  
I know the song, I don't like the melody  
I'm out of words to describe what I'm feeling  
I'm out of strength, yet I don't plan to give in  
Going insane but hamdoullah I made it  
I do whatever I want for a living  
It's ok, it's ok, it's ok, it's ok  
It's ok, it's ok, it's ok

I'm putting the work, weeks in a row  
J'suis trop dans la sauce h24, I'll make it a song  
I know my worth, fuck is you on?  
Now I gotta go bitch be-  
Leave me the fuck alone

Ahaa I'm searching the words, swimmin' in circles  
Diamonds and blood, all for the game or for the worse  
Again and again and again and again  
I go on, Imma work it out  
Again and again and again and again  
I get lost in the sauce

Paving the way for the kids I'm the Khalifa  
Manda cash mersoul l'hob tata Khadeeja  
I get plenty feelings from that Mary Jane  
Don't call me when I'm lost in my chronics  
Again and again and again, it's a looping  
Still in my square but she asking "where you been?"  
Stuck in my head I won't leave till I'm finished  
I'm never scared, I'm a man in the making

You're still a man in the making, be patient  
It's ok, it's ok, it's ok, it's ok  
I got it, I got it

I got it cuz I cannot think of defeat, my man  
J'dois nous sortir d'la fosse  
I'll do everything, I rely on my dick no hands  
I'm better by default  
Ils font les fous, les frères, les fans mais c'est que d'l'internet  
Est-ce que t'as taste tes morts?  
What you got? Baisse ta tête!  
Fait ton testam-, tu peux pas-  
Hey, hey, hey, what the fuck you doing ?

I'm putting the work, weeks in a row  
J'suis trop dans la sauce h24, I'll make it a song  
I know my worth, fuck is you on?  
Now I gotta go bitch be-  
Leave me the fuck alone

Ahaa I'm searching the words, swimmin' in circles  
Diamonds and blood, all for the game or for the worse  
Again and again and again and again  
I go on, Imma work it out  
Again and again and again and again  
I get lost in the sauce

Again and again, again and again
