

BETTER DAYS

Rilès

I swear to God
I can do it again
Living on better days
I don't have further choice
I swear on me
I won't dive in my sins
I will quiet my thoughts
Simply walk on my own

Working late night, scared of tomorrow
Tell me how does it feel not to struggle
If it's a matter of peace, where do I go
Take all of my money, if it shuts down
All of this voice in my head
Why they here for
If cannot just blow 'em off
How do they go?
Trynna live a little long', for the love now
I need to try

And I know, I know, I know, I know, I know
It's the life that I was choosing
And I try, I try, I try, I try again
Every time to fall back on it
Now I ride, alone and late at night for hours
To distract the devil in me
Cuz I can't let me down anymore

I swear to God
I can do it again
Living on better days
I don't have further choice
I swear on me
I won't dive in my sins
I will quiet my thoughts
Simply walk on my own

What you got?
Sick again?
Take a pause
You don't like it, just get it
You should matter, understand it
Evolutioning and
You should mean it
Ain't a gimmick
I got us a problem
Now you work it
Don't escape it

But How could I really believe, a yema
How could I say what I feel, a yema
I don't want you to be worried, a yema
Every day I wanna leave, a yema

And I know, I know, I know, I know
It's the life that I was choosing
And I try, I try, I try, I try again

Every time to fall back on it
Now I ride, alone and late at night for hours
To distract the evil in me
I cannot let me down anymore

I swear to God
I might do it again
Living all for the edge
With a gun on my thoughts
I swear on me
If I die on the ring
It will quiet my thoughts
Simply walk on my own
