

BIG PLANS

Rilès

Big bank
New steps
Suspect
Foreign's
My name
Tax inspection
Money, money
They want money
Big fish
Swim in
Fresh problems

I'm getting it
Similar shit
Bailiffs back in the dayz I was at Mom's
I know the drill
Ain't new to it
Cuz at the end, living on a cycle

Pickin up which phone
Universal fuckep up
In a week I get my freedom back
I can do my shit 'lone
God has kept my songs
When the devil wrote the contract
Yet I listened to the crooked man
Paid the price
Full gain
Day 'n Nite
Soul pain
At least I know that he real
Pull up on him with the gang

I got plans
For my problems
I'll work this shit out, yema
I've been so big they came back
I got plans
For my problems
Baby I got this
Stay back
This jinx misses me, damn bad

We ain't got the same time
I ain't the 'bout same quality, mine is local
I ain't got DZ genes for nothing, don't tell me the rules
Nothing to lose

Breaking ceilings
Psyche healing
What more can I say
Vibe been peaking
Switching feelings
Natty building

Easy
Djudju

Waguan
Sheitan
Missing
Different
Thinking
Forward
Walking
Alone
Don't need
No style
Don't need
New bitch
On me
Tonight

Believe in it
I know you bluffin'
You in too deep to figure out
I generate
I'm in a Reiki
It's way too deep fit her ass

Ouhh, I keep on looking away from inside like it wasn't my fault
Baby you walked in life and it wasn't the plan
I know the vibe is a match but it wasn't a choice
You were the one I missed now

I got plans
For my problems
I'll work this shit out, yema
I've been so big they came back
I got plans
For my problems
Baby I got this
Stay back
This jinx misses me, damn bad

You like to solve this all alone
Unless you fallin' down bad
"Tout ça m'a pris des années"
Whether you like it or not

It's written deep inside my bones
I can feel it when you don't
But do I need to show ?

I got plans
For my problems
I'll work this shit out, yema
I've been so big they came back
I got plans
For my problems
Baby I got this
Stay back
This jinx misses me, damn bad
