

# BLESSINGS

Rilès

This ain't bout ADHD  
Or the fact that feeling the stress  
This ain't bout what I'm chasing  
Or if I'm better taking a rest  
This ain't about my relations  
No this ain't about no misscommunication  
This ain't bout what I'm feeling  
But more what I do when I don't know my feelings  
This ain't bout if it's fake shit  
Or if I keep it a little too real  
This ain't about if I made it  
When has anybody ever did?  
This ain't about my complexion  
Even less the path that I chose or the vision  
Cuz I know he trying to test me  
Every loss is a blessing up

Oulaylay, cannot blame thee  
Break me, when it make me strong  
Find, light, where the dark is  
None new, but I get the point  
Oulaylay, its' a mind trick  
Weighless, allé andalé  
Fearless, at least on the low

Shine on my life  
Bless me with the dirty road  
Even down on my knees  
I still work on my cardio  
Shine on my life  
Bless me with the dirty road  
Even down on my knees  
I still work on my cardio (ahhhh)

Blessings on my way  
New blessings on my way (god)  
Blessing on my way  
New blessing on my way (god)  
Blessing on my way  
New blessing on my way (god)  
Blessing on my way  
New blessing on my way

T'es bête ou quoi, take a draft  
And make it the new renaissance  
You cannot 'wassup' and run, boy you gotta face what you talk  
Nobody safe in the wild, no this ain't no funkydi funk  
I been around for a while, and my ass is staying on top  
On top of my top tier  
Never stop, t'as vu  
Through the trapstacles, walk on dead bodies  
Take a stop, stop it, I'm a crack trapping  
Imma shakespirit, all my text tripping  
Now my bitch thicken, and my pen balling  
I invent language, and I make meanin  
I'm my own luggage, I'm a textylist  
So you taste knowledge, and they take notice

You taste knowledge, and they take notice  
It's blessings, this ain't about malice  
I'm psyched up  
Again I rise up  
Alright if I'm in the light

Shine on my life  
Bless me with the dirty road  
Even down on my knees  
I still work on my cardio  
Shine on my life  
Bless me with the dirty road  
Even down on my knees  
I still work on my cardio (ahhhh)

Blessings on my way  
New blessings on my way (god)  
Blessing on my way  
New blessing on my way (god)  
Blessing on my way  
New blessing on my way (god)  
Blessing on my way  
New blessing on my way

Oulaylay, cannot blame thee

Shine on my life  
Bless me with the dirty road  
Even down on my knees  
I still work on my cardio (ahhhh)  
Blessings on my way  
New blessings on my way (yallah)  
Blessing on my way  
New blessing on my way (ahh)  
Blessing on my way  
New blessing on my way (ahh)  
Blessing on my way  
New blessing on my way
