

# DAYS ON THE WALL

Rilès

Everybody on my side  
I keep it slow, I try to focus on the run  
Everybody by my side and pushing shit until we get it done  
Everybody by my side I wouldn't sleep for sh- marissa  
Everybody knows...  
So I keep on feeding my steps for better  
I don't plan stand-bys, man  
Always on pivot, don't rush true patterns  
Still...

Running down the streets  
Even on my knees  
I just keep on filling days on the wall  
Always stuck on the go

Too slow but steady  
From the very start, been ready  
Yeah ok  
Dark ass glance got 'em running straight to their daddies  
I gotta keep my pace in control  
Like honestly, my faith is in growth  
(I'm so) used to being called an alien  
No offense taken, I know many here  
In the meantime, still...

Running down the streets  
Even on my knees (my knees)  
I just keep on filling days on the wall  
Always stuck on the go

Peak down, slip slight  
I feel my jinx, my woes  
I don't talk cheap back, fix that  
She want me, I won't lose  
You can't stand when I talk about truth  
No Shakespeare and I know  
I know, I know, I know  
(I know I'm paranoid)  
You hate it when I'm on the road

Got too much to lose, we don't waste time  
Highs to the lows, survive, convert it, make it fit on a bassline  
The energy, a currency  
I'm meant for way higher, I ain't happy with the current seat  
Pops getting old, got me working in emergency  
Clock's ticking, gotta use what God's giving  
Rushing  
Yeah

Running down the streets  
Even on my knees  
I just keep on  
Filling days on the wall (the wall)  
Always stuck on the go

Everybody on my side  
I keep it slow, I try to focus on the run

Just filling my days on the wall  
Everybody by my side I wouldn't sleep for sh- marissa  
Everybody knows...
