

DON'T LIE

Rilès

Please don't la-la-la-la-la la-la-la-la-la lie
Please don't la-la-la-la-la la-la-la-la-la lie
Please don't la-la-la-la-la la-la-la-la-la lie
Please don't la-la-la-la-la la-la-la-la-la lie

Why ain't you wilding on me?
Why'd you cosplay your mood swings?
Girl your facelift ain't tricking my eyes
My eyes
Why your phone always faced down? (You're chatting)
Why can't you answer them calls? (Distracted)
Single again in your double life

So please don't la-la-la-la-la la-la-la-la-la lie
Please don't la-la-la-la-la la-la-la-la-la lie
Please don't la-la-la-la-la la-la-la-la-la lie
Please don't la-la-la-la-la la-la-la-la-la lie

Please don't lie, don't feel offended
You can hide so much it's staggering
Talking 'bout us at the future
Was your kind of poisoned present
It's the morning, wake the fuck up
Here's your Uber, get the fuck out
Don't be jaded, do not choke up
Put a filter on this makeup

As you're hiding in and out, my baby est dans le mal
You know we've been the very same from the very first time
And I see you
You did it 'cause I do, but now I'm over you

So please don't la-la-la-la-la la-la-la-la-la lie
Please don't la-la-la-la-la la-la-la-la-la lie
Please don't la-la-la-la-la la-la-la-la-la lie
Please don't la-la-la-la-la la-la-la-la-la lie
