

Gotta Lotta

Rilès

Listen...

Gotta lotta shit to prove
Lotta shit to say
Lotta motherfuckers really wanna see me dead
Gotta lotta shit to do
Lotta shit to dare
Lotta problems all around me, you don't really care
Gotta lotta shit to see
Lotta shit to make
Lotta shit to live
And lotta rules to break
Lotta ass to smack
Lotta tits to grab
Lotta motherfuckers still be sleeping on my craft and..

I'm too busy got no time
To care about what the fuck is so wrong with
Niggas fighting for the crown
While I be lookin' at them from the throne

Sak passé? sak passé?
Lately my life's been a challenge
So pardon my french if I don't give a fuck 'bout your feelings
I told you last week what you hear, I did it all alone
Let me tell next week I'll release a hella video
I'm still editing the footage I can't trust no one
I tried to let them niggas do it, that shit was not fine
So listen bro when I tell you I'm running out of time
Look at me my nigga I can't even finish my lin..

I'm too busy got no time
To care about what the fuck is so wrong with
Niggas fighting for the crown
While I be lookin' at them from the throne

Hold on, hold on
Many talk but who got their shit done?
Got a mom and a sis' to watch over
Plus I got a job
Habibi, habibi
I don't let love in the plan
I made a lotta mistakes before
Me try not do them again
Rilèsundayz 'bout to blow up yeah they feel the storm
Solo, solo working it, solo getting coins
Droppin' a deuce on the game as they sleep on my songs
Zerma you said you don't know me but I'm all on your phone

I'm too busy got no time
To care about what the fuck is so wrong with
Niggas fighting for the crown
While I be lookin' at them from the throne
