

# HOLD IT DOWN

Rilès

Darling  
I'm not falling  
Imma hold it down for us  
Ain't nothing much  
Darling  
I'm not falling  
Tryna get myself back to me  
Oh baby please

Get it back  
Or deal with nothing  
Yeah it's hurting  
But I love it  
I been dealing with my demons  
Back in time, I wasn't decent  
Living life felt like a prison  
Get it back  
Or deal with nothing  
Yeah it's hurting  
I don't hate it  
Was like me versus lord  
Versus jinx versus now  
Shit I really I did it wrong

Oh darling  
I'm not falling  
Imma hold it down for us  
Ain't nothing much  
Darling  
I'm not falling  
Tryna get myself back to me  
Oh baby please

Sometimes I feel like I really do me wrong  
Sometimes I feel like I better never know  
Sometimes I feel like I see what else to feel  
'Till I go back in the pleasure of a sin  
And I know it's like I'm always in a rush  
But if I don't run I can't afford to crumble  
What you need I'm here for

Matter of fact  
I want you back  
Is what I feel  
Matter of fact  
I want you bad  
Just for my needs  
I know I been way too selfish darling  
Look my love ain't like a promise darling

Reminding  
Too wild and  
Us starving  
Was a pretty start then  
Too easy  
To break it  
I need us

To collect the pieces

Darling

I'm not falling

Imma hold it down for us

Ain't nothing much

Darling

I'm not falling

Tryna get myself back to me

Oh baby please
