

JUVENILE

Rilès

Looking back, erasing
I don't want no paperback
Mistakes or understatements
Hopping through relationships
And maybe it's the new
Maybe it's the nonsense of it all
But there was truth...

And baby you
Kept me safe on instinct
Why you wanted me for?
Wanted me for?
Baby you
Gave me a chance for real
I'm never falling for love
Falling for
Love

And I swear I'mma try to find my best
Not to fall in darkness where you found myself
Who're these bitches now?

Looking back, erasing
I don't want no paperback
Mistakes or understatements
Hopping through relationships
And maybe it's the new
Maybe it's the nonsense of it all
But there was truth

Now I can assume
I'm getting through
Ready to choose
And I want you
Cuz you'll be my lady
Since sometimes can be forever
I swear my lady

No I don't ever wanna change
Baby you
Kept me safe on instinct
Why you wanted me for?
Wanted me
Oh baby you
Gave me a chance for real
I've never fallen for love
Fallen for... love
